**CHALLENGE DAY:** We are excited to announce that St. Aloysius will once again be hosting Challenge Day. It has been 4 long years since we have had it on campus. For those of you who have never attended, Challenge Day is a school wide End of the Year Celebration. It will be Monday May 23<sup>rd</sup> throughout the school day. All 1<sup>st</sup> -6<sup>th</sup> graders will participate, and it will also be each grade's end of the year party. Two grades will participate at a time and the students will have their choice of games to "challenge" each other in. Some examples of the games are football toss, water balloon toss, 3-legged race, and much more.

Click here to access the: [St. Aloysius School: 2022 Challenge Day Set-Up \(signupgenius.com\)](https://signupgenius.com)

This sign-up includes volunteer slots for set up on Sunday, and times to help work the games

throughout the day on Monday. It will also include other fun things to volunteer for like balloon arches, sidewalk decorating, and other fun surprises for the kids.

**GENTLY USED CHILDREN'S BOOKS:** The St. Vincent de Paul shelter for children would love to expand their library of children's books. **TECH TIPS:** If you've got a teen in your house, there's a good chance you have Discord. We don't mean bickering—we're talking Discord with a capital D, the chat app that's especially popular with teens. Discord debuted in 2015 and quickly gained a following among gamers looking to communicate while playing video games. The service has since shed its gamers-only image to become one of a handful of go-to chat apps. The service supports voice, video and text chat and now has 150+ million monthly users. It's still popular with gamers, but you're also just as likely to find groups (or "servers," in Discord speak) about politics, celebrities or finance, or created around a school project. [Click here for more information about Discord from Connect Safely.](#)
